Dear Ms. Hill,

Please accept this letter as my request for the Health Services and Development Agency to favorably consider the Certificate of Need for the proposed Baptist Satellite Free Standing Emergency department in Arlington, TN.

As a business owner in Arlington, I have witnessed the rapid growth in our area. The school system has even prepared for the increase in its student population with re-zoning to ensure there is adequate space for new students. New businesses have been consistently locating to this area. With the influx of new businesses and increased population, the Baptist Free Standing Emergency department would be a great fit for the Arlington, TN area.

Best Regards,
